

INDEPENDENT SUSPENSION SYSTEM

Superior towing performance

Above. Beyond. Always.

INDEPENDENT SUSPENSION SYSTEM

The MORryde Independent Suspension System (IS) delivers premium towing performance for 5th wheel and travel trailer owners.

- Improved towability & handling
- Better protection of trailer, components, & contents from damaging road shock
- 5 year warranty
- Independent wheel action allows each wheel to walk over bumps
- Double rubber shear springs provide 5" of suspension travel as compared to the 2" of steel leaf springs
- Heavy-duty components means no more broken leaf springs, hangers, or worn shackle plates
- Available for 7K, 8K and 9k axles

Protection from damaging road shock

SHOCK ABSORBERS

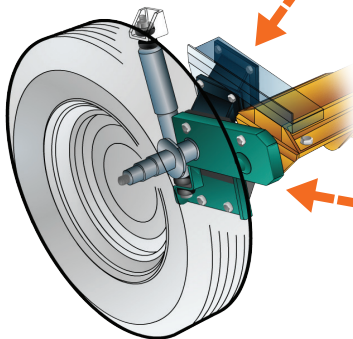

Specially-valved shock absorbers dampen road shock and control wheel hop.

DOUBLE RUBBER SPRING ASSEMBLY

Significantly improves the suspension system's ability to absorb road shock and makes towing smoother. Result? MORryde's suspension protects not only the trailer, but its components and contents as well, better than any other suspension system available today for towables.

BEAM ASSEMBLY

Designed to allow maximum wheel travel, which significantly smooths the trailer's passage over a rough road surface.

Disc brake options

For the most reliable braking system, consider the advantages of disc brakes from MORryde.

- Shorter stopping distance
- Smoother, quieter braking
- Reduced heat build-up
- Fewer moving parts
- Reduced maintenance costs
- Replacement parts available at most automotive stores

Above. Beyond. Always.

At MORryde, we have a passion for solving problems.
