The Strongest Buildable *TAILGATE SYSTEM*

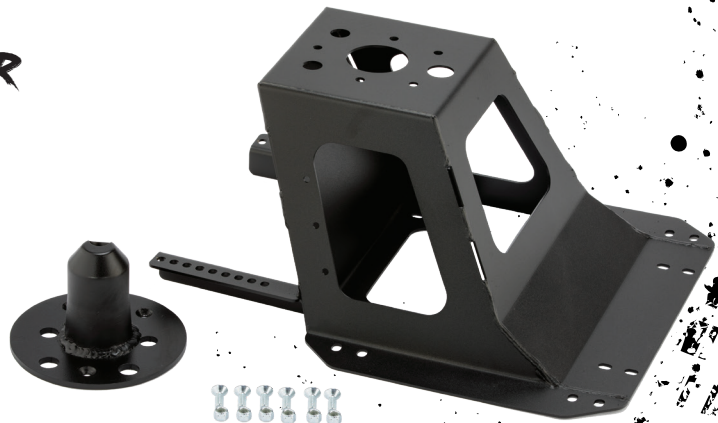

JP54-021 – JK Tailgate Reinforcement Kit (Includes all three parts shown.)

SPARE TIRE CARRIER

MORryde's Heavy-Duty Spare Tire Carrier is just what you'll need to mount an oversized spare. It features a unique design that can accommodate up to a 40" tire and comes with an adjustable third brake light mount.

Rock, mud, sand, or stream – no landscape is too rugged for your Jeep Wrangler. But after a few legendary adventures, your factory equipment may not stand up to all that fun. The combination of MORryde's Heavy-Duty Tailgate Hinges, Tailgate Reinforcement, and Spare Tire Carrier offers unparalleled strength and durability. So when your next great adventure calls, you and your Wrangler will both be ready.

2

HEAVY-DUTY TAILGATE HINGES

A substantial upgrade over factory hinges with added strength and hardcore styling. This durable tailgate hinge set makes upgrading your weak factory hinges a simple and painless process.

3

HEAVY-DUTY TAILGATE REINFORCEMENT

Designed to work with MORryde's Heavy-Duty Hinges, the Heavy-Duty Tailgate Reinforcement is ideal for those with oversized spare tires and can hold up the extra weight where your factory equipment will eventually warp and fail.

HEAVY-DUTY TAILGATE REINFORCEMENT

Everyone wants larger, more aggressive tires on their Jeep, but the factory tailgate isn't up to the task of carrying heavier spares. Carrying a heavier spare on the stock tailgate can cause the tailgate welds to break and the hinges to weaken, sag, and rattle. The Heavy-Duty Tailgate Reinforcement eliminates weak points in the factory tailgate and hinge system. No more risk of broken tailgate welds or prematurely worn hinges.

JK Heavy-Duty Tailgate Reinforcement, Heavy-Duty Tailgate Hinges & Off-road Jack Carrier

- Eliminates weak points in the factory tailgate and hinge system
- Retains the factory look of the Jeep
- Compatible with the factory spare carrier up to 33" (or upgrade to the MORryde Heavy-Duty Spare Carrier for even more strength)
- Compatible with the factory bumper or aftermarket bumpers

PRO TIP

Easily attach a Hi-Lift Mount or Rotopax carrier to the JL Hinges using our unique design

TAILGATE REINFORCEMENT

JK SPARE TIRE CARRIER

We understand the need to be the biggest Jeep on the trail. You find it thrilling to tower over those boulders as you hit the rugged terrain. You find it equally satisfying looking down on lesser cars as you drive down the interstate. Your spare tires are big, they are bulky, and they are heavy. The MORryde Spare Tire Carrier is a USA-made heavy-duty set up which gives you peace of mind as you go off on your next adventure.

- Strong, but lightweight
- Two mounting positions: lower position supports most spares up to 37"; and the higher position supports most spares up to 40"
- Accommodates larger tires by raising the spare tire by appx. 1.5" and extending out 1"
- Designed to be used with the MORryde Heavy-Duty Tailgate Reinforcement and can mount directly to the factory tailgate
- Adjustable third brake light stalk works with the factory brake light, adjusts for visibility over 40" tires

JK Spare Tire Carrier and Hinges

JP54-017 JK Spare Tire Carrier

SPARE TIRE CARRIER

JL SPARE TIRE CARRIER

- Strong, but lightweight
- Two mounting positions available
- Works for most spare tires up to 40"
- Accommodates larger tires by raising the spare tire by appx. 1.5" and extending out 1"
- Designed to be used with the HD Tailgate Reinforcement (JP54-077) and HD Tailgate Hinges (JP54-057)
- Includes an adjustable mount for factory third brake light
- Includes built-in mount for stock back-up camera

HEAVY-DUTY TAILGATE HINGES

Vehicle wear-and-tear is bound to happen over time, especially if you like to play hard. At MORryde, we manufacture the replacement accessories that matter most, like our Jeep Tailgate Hinges. When factory hinges begin to wear out, some Jeep enthusiasts might notice a loose tailgate, an annoying rattle, or a sagging rear door that is hard to close. These Heavy-Duty Hinges restore the integrity of the Jeep tailgate.

JL Tailgate Hinges

- Stronger than factory hinges
- Only hinge on the market that is greaseable for long life and smooth operation*
- Mounting points for accessories
- Rebuildable
- Reduces tailgate rattle and sag

**JL Tailgate Hinges are not greaseable.*

THE ULTIMATE TAILGATE UPGRADE

Pair the Heavy-Duty JK Hinges with MORryde's JK Tailgate Reinforcement & Heavy-Duty Spare Tire Carrier.

HINGE

ACCESSORIES

OFF-ROAD JACK CARRIER

With your adventurous attitude and determined spirit, you tend to get yourself stuck in between a rock and a hard place. . . literally. With the help of your Off-Road Jack and the support of the MORyde Off-Road Jack Carrier, you will be able to play more and worry less. Our carrier conveniently attaches to the MORyde Heavy-Duty Tailgate Hinges (sold separately) with just a few pieces of hardware.

JK Off-Road Jack Carrier

TJ Off-Road Jack Carrier

JP54-010 JK/JL Off-Road Jack Carrier

JP54-024 TJ Off-Road Jack Carrier

MORryde Hinge Accessories are designed to mount to the MORryde Heavy-Duty Tailgate Hinges which are sold separately.

ROTOPAX CARRIER*

Set yourself apart and go the distance with the MORryde Rotopax Carrier. While others turn the wheel and call it a day, you are able to stay, play, and explore further. With just a few pieces of hardware, our Rotopax Carrier easily attaches to the Heavy-Duty Tailgate Hinges (sold separately). No drilling or additional holes necessary.

- Holds a 1.0, 1.75, 2.0, or 3.0-gallon Rotopax fuel container
- Easy to remove when not needed

STOREGATE

Like all vehicles – big or small – space seems to be an issue. There never seems to be enough room for your cleaning supplies, tools, towing gear, and other items you consider necessary. Fortunately, we came up with our very own trunk storage solution to give you added space for whatever the need.

- Mounts to the inside of your tailgate*
- Easy installation
- Lockable aluminum hard cover door with keys
- Holds up to 35 lbs on door
- Allows for over 800 cubic inches of storage space
- Water resistant bulb seal

JP54-020 JK/JL StoreGate

**Storegate DOES NOT fit with MORryde's Trail Kitchen in most Jeep Wranglers*

OVERHEAD STORAGE

AMMO CAN TRAY & GRID

The MORryde Ammo Can Tray and Accessory Grid were designed to utilize that hard-to-use cargo space over your Jeep Wrangler wheel wells. Ammo cans are perfect for carrying your recovery supplies such as chains, recovery straps, tools, or other gear needed on the trail. The Ammo Can Tray makes for easy and efficient storage of those items. The Accessory Grid allows you to attach standard MOLLE pouches and other gear right underneath the Ammo Can Tray, keeping all those loose items close and secure.

- Easily installs using factory holes
- The tray attaches directly to the Accessory Grid and is a great place for spare batteries and ammo cans
- Rugged 14-gauge steel construction and durable powder coat finish
- Supports all common ammo can sizes
- Conveniently holds battery for kitchen

JP54-030 JKU Ammo Can Kit (Tray & Accessory Grid)

JP54-031 JKU Ammo Can Tray Only

USING ONLY THE AMMO CAN TRAY

The Ammo Can Tray can be installed to many aftermarket accessories such as Swing-Away Spare Tire Carriers and MORryde Side Mounts.

Get added storage by mounting Ammo Can Trays to both sides of your Jeep with the MORryde Side Mounts. (See page 18 and 19 for Side Mount details.)

SPARE TIRE MOUNT & TRAY

While you were conquering some far-off adventure, MORryde was busy dreaming up new accessories for your Jeep — the kind of aftermarket add-ons that let Jeep enthusiasts venture even greater distances. A MORryde Spare Tire Mount and Tray will allow you to carry the fuel, water, or supplies you'll need so you can take the road less traveled.

- Mounts directly to spare tire carrier
- No drilling required
- Can be removed in minutes when not needed

JP54-005 Rear Mount w/Tall Tray

FIT GUIDE

- Any JK with the stock spare tire carrier
- Any JK with the MORryde spare tire carrier installed
- Any vehicle with a spare tire carrier that has at least a 3" diameter clearance hole centered in the middle of the lugs AND has a lug pattern of 5 x 4.5", 5 x 5", or 5 x 5.25"

SIDE MOUNTS & TRAYS

Store your fuel or water cans up and out of the way of hazards with the MORryde Side Mounts and Trays. The kit includes an easy-to-mount tray as well as a ratchet strap for securing your favorite storage can. Carry the fuel, water, or supplies you'll need for a long trail run without taking up your precious cargo space.

JK Side Mount w/Universal Tray

- Attach a Universal Tray for use with a Jerry, NATO, and Scepter cans
- No drilling - Attaches to mounting points already present in the Jeep
- Acts as a secondary provision for mounting your CB antenna
- Can be removed in minutes when not needed

JL Side Mount w/Tray

TJ Side Mount w/Tray

JL Side Mount w/Tray

- Mounts to the frame of your Jeep just in front of the passenger or the driver side door.
- Simple bolt-on installation and no drilling
- Tray holder slides into a frame-mounted receiver and can be installed or removed in minutes
- Carry an extra source of liquid for long trips
- Includes ratchet strap to secure the can

JP54-007 TJ Side Mount w/Tray

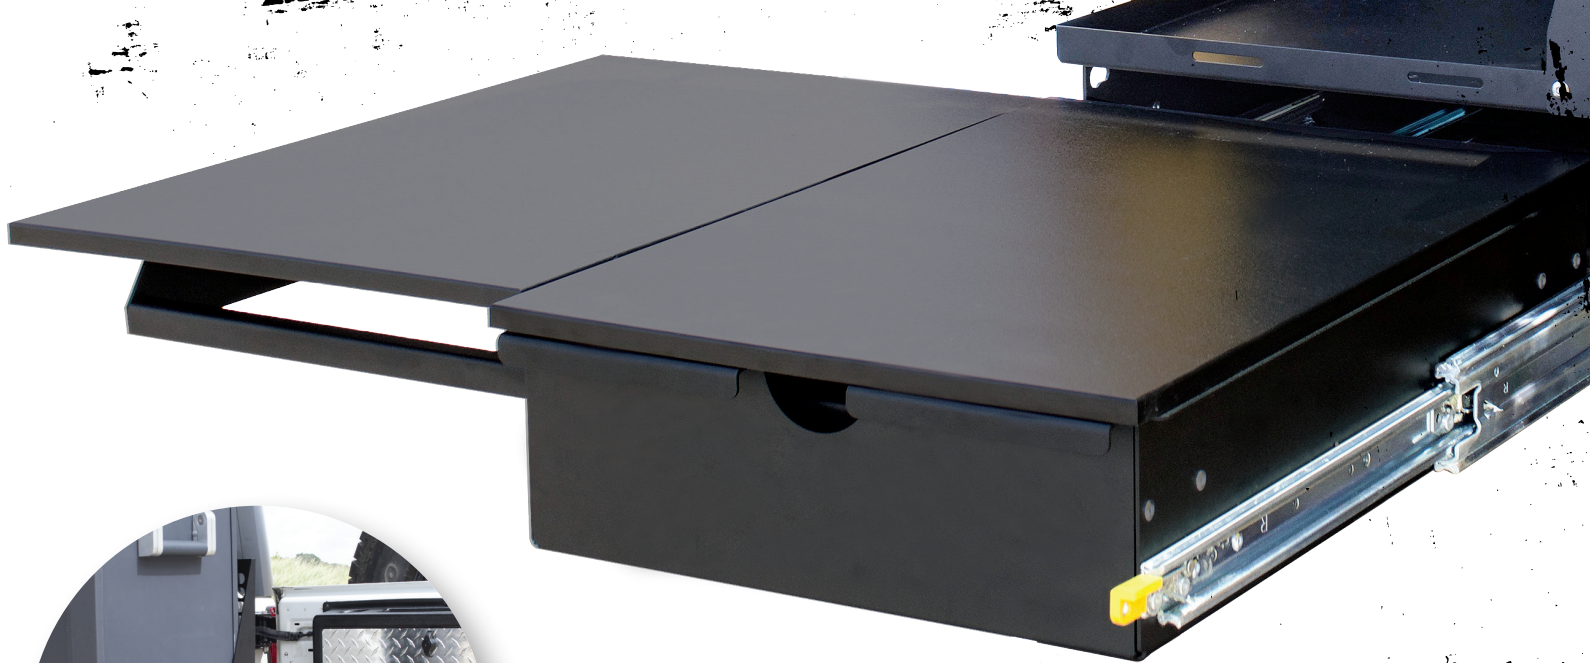

TRAIL KITCHEN

A compact, modular bolt-in kitchen system that fits in the back of the Jeep Wrangler — or any vehicle with a flat surface. Perfect for tailgating or off-road adventures.

- Combine optional counters for over 5 1/2 sq. ft. of counter space
- Drawer offers 300 cu. in. of storage
- Dual lockable slides and collapsible table
- Easy to install and quick to remove
- Accommodates most fridge/freezers — Dometic, ARB 50 quart, and others
- MOLLE Grid, Fold-Out, Clip-On Counter, Sinks, and Enclosure add-ons available.

JP54-038 Trail Kitchen

FIT GUIDE

Designed to bolt in to existing D-rings on 2007-2018 Jeep Wrangler JK Unlimited (4-Door) with Bolt-On Kit (JP54-041) or 2019 - current Jeep Wrangler JL Unlimited with Bolt-On Kit (JP54-055).

The Base Trail Kitchen can be installed on any other flat vehicle surface (2-Door Jeep Wrangler, Toyota 4-Runner, Truck, Trailer, etc.) by drilling a few holes to mount it.

Bolt-On Kit – The Trail Kitchen is compatible with the Wrangler 4xe models.

PLEASE NOTE

The base of most refrigerator/freezers (50L and smaller) are narrower at the bottom and should fit inside the top tray.

Depending on the type of refrigerator/freezer, the back handle may need to be removed to fit your vehicle with the back seats up.
