## Preparation

### Television Stand

If applicable, remove the original base stand in accordance with the television owner's manual.

### Hardware

Use appropriate hardware for securing your television to the mount and mounting your television to the mounting surface.

M4x12mm Bolt (4)

M5x12mm Bolt (4)

M6x12mm Bolt (4)

1/4" x 1" Lag Bolt (8)

M6 Flat Washer (8)

#10 Flat Washer (8)

1/4" Flat Washer (8)

## Installation

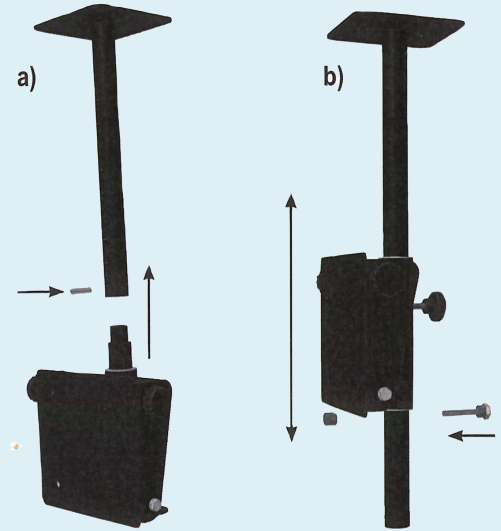

**⚠ WARNING** Using mounting hardware too long for your application may puncture exterior structures.

**⚠ WARNING** If your television came with a stand, please remove the stand by referring to your television's owners manual and ensure the hardware has been removed from the mounting holes.

### STEP 1

Assemble mount:

- a) To add base extension, use hammer to tap spring pin in place.
- b) Slide VESA adapter plate to desired height and secure with nut and bolt.

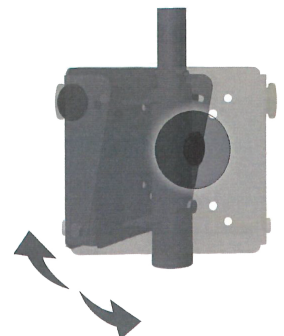

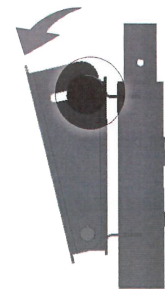

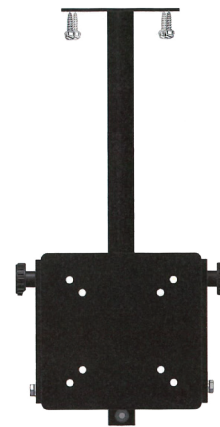

### STEP 2

Secure mount to reinforced ceiling or the mounting

surface: Pre-drill holes using a 1/8" drill bit. Use 1/4" lag bolts and 1/4" washers or appropriate hardware for the structure to secure the mount to the reinforced mounting surface.

Loosen knobs on side to tilt then tighten in place for desired viewing angle.

Loosen knob in back to swivel and then tighten in place for desired viewing angle.

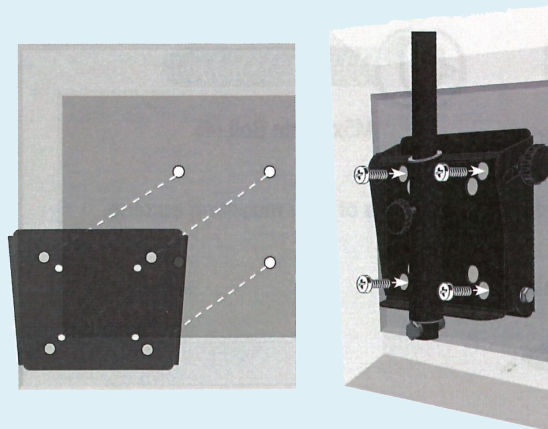

## Installation

**⚠ WARNING** Using mounting hardware too long for your application may puncture exterior structures.

### STEP 3

**Secure the television or monitor to the mount:** Line up the hole pattern on your television with the matching hole pattern on the mounting plate. Use the appropriate mounting hardware to secure the television to the mounting plate.

**⚠ WARNING** Step 3 may require two people to lift the television safely into place. MORryde is not responsible for property damage and/or personal injury due to improper or unsafe installation practices.
